Windows Web Hosting India

Our Windows plans are affordable plans as compared to any other Indian web hosting company. With ample disk space and monthly data transfer, smaller **Windows hosting plans** are ideal for your Personal website, larger plans are suggested for Business and Developers. Our control panel is one of the best in the industry; we use **PLESK** Control Panel. **Windows 2003 Server** provides powerful performance for your website and complete support for all popular Microsoft applications including **Microsoft SQL, Active Server Pages (ASP)** and much more. Our Windows 2003 Web Hosting supports PHP 4 & 5, MySQL and Microsoft Access Database.
